PROFESSIONAL EXPERIENCE

Lead Brand Designer — Financefair, Dublin, Ireland **July 2025 – April 2026**

- Played a central role in a company-wide visual rebrand, translating updated brand guidelines into a cohesive identity system across all customer-facing digital and print touchpoints.
- Designed and delivered 100+ branded assets landing page visuals, paid media creatives, email templates, pitch decks, and sales enablement materials ensuring visual consistency across every channel.
- Developed reusable campaign templates and layout systems that reduced design turnaround time by approximately 30% during high-volume launch periods, establishing scalable creative processes for the team.
- Collaborated directly with marketing leadership, sales, and senior stakeholders to align creative output with strategic growth objectives and revenue-driven campaign goals.
- Partnered with compliance and legal teams to ensure all customer-facing visuals met strict financial regulatory standards building a review framework that significantly reduced revision cycles and approval delays.
- Leveraged AI-assisted design tools to accelerate production without compromising creative quality, increasing output capacity across the team.

Lead Visual Designer — Celebration Church International (Global) **November 2022 – December 2024**

- Led end-to-end brand and visual direction for a global organisation, owning the visual identity across digital platforms, in-person events, and broadcast channels reaching international audiences.
- Designed and delivered 350+ creative assets annually stage visuals, social media campaigns, event branding systems, motion-ready graphics, presentation slides, and print materials maintaining rigorous visual consistency at scale.
- Spearheaded the visual repositioning and structured rebranding of two sub-departments (Celebrate Teens and Celebrate Kids), creating distinct age-specific identity systems that improved demographic clarity and audience engagement.
- Built scalable design systems including reusable templates, typography frameworks, and visual hierarchy guidelines that increased production efficiency by an estimated 25% across weekly communications.
- Mentored and led a team of 4–6 designers, introducing structured feedback processes and brand guidelines that improved output consistency and reduced revision cycles by approximately 35%.
- Collaborated with leadership and communications teams to translate campaign briefs into compelling visual narratives, ensuring creative output aligned with organisational messaging strategy.

Graphic / Brand Designer — PPI and KOG Nigeria Ltd, Lagos January 2019 – October 2022

- Supported a structured brand refresh initiative, delivering cohesive marketing and corporate communication materials across digital and print channels.
- Designed 70+ brand assets including corporate brochures, pitch decks, social media campaigns, product visuals, and internal communication materials aligned to business growth objectives.
- Introduced standardised layout templates and typography systems that improved brand consistency across departments and reduced design revision cycles by approximately 25%.
- Collaborated with senior management and marketing stakeholders to align visual output with product visibility and campaign goals, supporting launches that strengthened customer engagement.
